

The Science and Health Challenge Pledge

I _____ am absolutely delighted to take the “Science and Health Challenge Pledge”, because I know firsthand what Christian Science and our textbook has done for me and others—and I just can’t keep it to myself! So I make a promise to myself that I will share, as widely as possible, the healing truths God reveals in this book with other hearts—wherever I find them.

Specifically and wholeheartedly, I will sell or distribute a minimum of _____ copies of Science and Health each week for a period of _____.

I also agree to make it a point to stay in contact with, and mentor _____ people, who have received a copy of Science and Health, in order to encourage them to be successful spiritual healers.

Further, I agree:

- To keep my heart (and eyes) wide open for opportunities to share the book; to abide by Jesus command to take the truth, (found in its pages), and “go into all the world” and to “heal the sick”.
- To be a “Minute-man” or “Minute-woman”...that is, to have copies of Science and Health with me on hand or available anytime, anywhere.
- To realize the spiritual value of this book, and to sell Science and Health, or to “gift” books, (making a request for a “donation” after healing).
- To keep track of the number of books sold/distributed each month.
- To get back on track if I get off track.
- To gather contact information from each book recipient or to give my contact information to each recipient.
- To record testimonies that I gather from each spiritual healer.
- To share the testimonies I receive (or witness), with our periodicals and at church meetings.
